

K5–Grade 5 Uniform Style Guide Addendum: 2025–26 School Year

In July 2024, the school announced a transition from khaki to navy blue uniform bottoms for students in K5 through grade 5. To support families as they update wardrobes, the 2025–26 school year will serve as a **transitional year** for this change.

During this period, students in K5–grade 5 may wear **either khaki or navy blue** uniform bottoms. Both options must follow the approved styles and fit guidelines outlined in the Uniform Style Guide.

Students who choose to wear navy blue bottoms must pair them with a white uniform top. Navy tops may **not** be worn with navy bottoms.

Please note that the current Uniform Style Guide and Family Handbooks do not reflect this transition. **This addendum serves to clarify the updated options for the 2025–26 school year.**

This adjustment applies only to students in K5–grade 5. Students in K4, grades 6-8, and grades 9-12 should continue wearing uniform bottoms as outlined in their respective Uniform Style Guides.
